

18th Nordic – Active Week in Livigno

November and December 2021

You could say that there is a snow guarantee in Livigno, which lies already high up on 1816 m. It's not only a paradise for the fans of alpine skiing and snowboarding but also the place to be for cross-country skiers and snowshoe walkers. There are at least 40 km the special prepared tracks for the cross-country skiing enthusiasts. The area from Livigno offers a broad range of training courses for beginners to the advanced cross-country skiers – for both techniques: classic and skating. Many professional skiers are training here on the flat courses and are competing as well every year on the famous La Sgambeda Ski Marathon, which starts the new season. This Active-Holiday-Week is suitable for beginners as well as for the advanced x-country skiers. Having fun is top of the list for Sandoz Concept.

Programme: Expect a really fantastic programme with many sporting activities and lots of fun in your group. In the morning we offer the lessons in x-country skiing in groups. We will introduce both techniques: classic (diagonal) and skating. After lunch you will have the option to discover the beautiful valleys around Livigno using snowshoes, join us for a power hour aqua jogging or just check out the beautiful boutiques, shops and bars in Livigno. Shopping in Livigno is duty-free and therefore a 'Mecca' for shopaholics – especially before Christmas. Visit the spa with all its facilities in the evening before going out for a fantastic evening dinner or in one of the lively pubs in Livigno.

Accommodation:

Hotel Spöl ***

The hotel is situated in the heart from Livigno, only a few minutes' walk from the town centre. The warm and welcoming atmosphere makes this hotel so special. The rooms are typically designed in wood and very comfortable, some of them on the north facing side with a balcony. Double rooms are 16 sqm and all equipped with TV, radio, safe and telephone. Free parking is available in front of the hotel. There are new spa facilities including pool, Tyrolean sauna, Turkish bath, and more including a relax area.
