

 **A New Adventure — The Night Vasa in Freestyle!**
Friday March 3, 2023

Complete Support by the Sandoz Concept Team

The Vasaloppet is the most popular and the oldest cross country ski race.

The start of this new adventure will occur at nightfall at exactly 8 o'clock in the evening. Sälen will be the location **(or Oxberg for the 30 km and the 45 km)**. The Night Vasa, or "Nattvasan" in Swedish, is the newest baby of the Vasaloppet Organization. It will happen on the world-famous original 90-km course (or for the other distance) with the legendary finish in the Village of Mora. Each participant will be with a partner, or as of 2022 it is also possible to participate individually, and will use a head-mounted lamp. Because it is a freestyle race, one partner can skate ski and the other can classic ski; both can skate ski; or both can classic ski.

Since the Vasaloppet was created in 1922 between Sälen and Mora, more than a million hearty cross-country skiers have participated in this famous race. To be sure, the normal daytime version of this race is a great challenge. But imagine it at night! The whole atmosphere will be different. The setting and the eeriness of the nighttime race will certainly lead to lots of different emotions. Only the stars and the faint lights of the headlamps will be accompanying you in the forest and the frozen lakes of Sälen and Mora. The 90 km race is limited to only 3,000 privileged participants. All of the places will be sold in 30 seconds. But we have made a special arrangement with the race organizers so that you will be allowed to take advantage of this unique experience.

Specific Dates During Your Trip: 4 days (Thursday - Sunday) March 2 thru March 5, 2023

Thursday, March 2, 2023

You can take any international flight you wish. There is a bus transfer from the Stockholm airport to your hotel in Mora. You can also take a train to Mora from the Arlanda (Stockholm) airport (for late arrival, the train station in Mora is only ten minutes from your hotel).

Friday, March 3, 2023

Your hotel is located just 250 meters from the finish line, so this morning you can test your skis and find out what the snow conditions are so that you can wax just right. We will have a special wax room prepared just for this event. If you do not want to mess with waxing your own skis, we have a specialized wax team that can take care of it. You will take the lunch in the tent (not included in the package) where you get your BIB, and then you take our bus to Sälen (or Oxberg for the 30 and 45km distance).

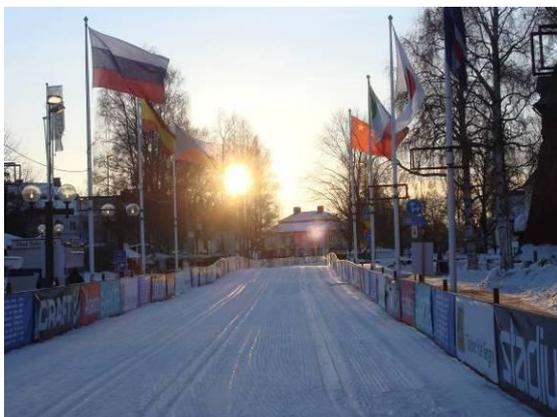

You will be in teams of two, or in individual, with your headlamps and you will have to be ready at 8:00 p.m. on the dot. Remember, it is 90 km (or 30 and 45 km for the other distance) to the finish in Mora. As we said before, you can choose any technique you want—skate or classic. Each of you has to carry on your person a small backpack with the minimum amount of reserve equipment and also some food. There will be one refueling spot in Evestberg at 48 km. That means that you will be able to get some additional food at about two in the morning. The cutoff hour for arriving at the finish in Mora is eight in the morning. When you cross the finish line, it will still be dark out. You will simply walk to your hotel for a great breakfast that you will have certainly earned!

Saturday, March 4, 2023

Sleep in late if you want, followed by a nice breakfast in your hotel. Do what you want in the morning. You can visit Mora. You can visit the animal park at Gröntlitt. Lunch is on you either in Mora or Gröntlitt. Then there is a communal meal back at the hotel.

Sunday, March 5, 2023

Take your breakfast first and then you will go by bus to Stockholm airport (or by train depend of the number of participant) or extend your stay until Monday.

Your Accommodation — The Bishop Arms Hotel***, Mora

The hotel is located in the centre of Mora, just 250 metres from the finish line of the Vasaloppet and a short walk from the town's pedestrian street, and is the ideal accommodation for those who wish to stay in Mora itself. All rooms are simple but comfortable and equipped with 2 single beds, a full bathroom with shower and toilet. The hotel also has some single and 3-bed rooms. A waxing room in the basement is available for our group. Breakfast and dinner are served in the hotel's restaurant on the ground floor.
